

UNDERSEA ADVENTURES TITAN I MISSILE SILO COMPLEX

Statement of Understanding

I understand that:

1. Because I will be diving in an environment of total darkness, I have a primary dive light and a back up dive light in good working condition with fully charged batteries. A glow stick in a visible place is required.
2. Access to the dive site involves climbing ladders, walking on uneven surfaces, stepping over, onto and down from obstructions. This is a salvaged missile silo and has many sharp jagged pieces of metal that may damage equipment if snagged. Access and exiting can be strenuous. I must be physically able to carry my equipment to and from the dive site.
3. I am aware that there are vertical drops in excess of 100 feet and mastery of buoyancy control is essential.
4. The missile silo is an underground, completely closed area and that there is only one way in and one way out of the dive site and that I will be walking through 8 foot corridors to access the launch tube.
5. These structures in the launch tubes contain doorways and passage ways in and out of the tube. I will not enter areas with overhead environments unless trained to do so, then only with permission and under the supervision of the Divemaster in charge.
6. Buddy system is especially important because of the possibility of disorientation.
7. UnderSea Adventures Divemasters have full authority over all diving activities within the silo.
8. Excess and bulky equipment may limit my accessibility into certain areas of the silo. Single tanks are recommended. A dive computer is required. Decompression dives are not allowed.
9. You may not remove any artifacts from the Missile Silo complex.
10. When inside the complex, vehicles are unattended, and I am responsible for any loss or damage.
11. Buddies stay together; if you need to leave before the group exits, you must leave with your buddy and tell your Divemaster that you are leaving.
12. I must have an Advanced Open Water certification or higher and have logged two or more cold water open water dives within the last year.
13. I understand the dry side contains friable asbestos, pigeon droppings, and other hazards.

Divers please attach copies of your certification cards.

UNDERSEA ADVENTURES TITAN I MISSILE SILO COMPLEX

Liability Release and Assumption of Risk Agreement

Please read carefully and fill in all blanks before signing.

_____, hereby affirm that I am aware that there are risks in diving the Titan I Missile Silo and acknowledge that I have been fully informed of the inherent hazards and risks associated with it. I fully understand that these risks can lead to severe injury and even death. Despite the potential hazards and dangers associated with this dive, I wish to proceed and I freely accept and expressly assume all risks, dangers, and hazards that may arise from my diving activities and which could result in personal injury, death and property damage. If I choose to do a tour of the dry side, I also understand that I will be in an environment with exposure to friable asbestos, pigeon droppings, and other hazards such as uneven footing, poor lighting, drop-offs, etc..

1. I understand that the purpose of signing this document is to exempt and release UnderSea Adventures and its employees from any and all liabilities arising as a consequence of any acts or omissions on their part, including, but not limited to, active or passive negligence.
2. I understand and agree that my Divemaster(s) _____ may not be held liable or responsible in any way for any injury, death or other damages to me.
3. In consideration of being allowed to participate in Missile Silo dives, I hereby personally assume all risks, whether foreseen or unforeseen, that may befall me while I am a participant in these dives.
4. I further release, exempt and hold harmless Released Parties from any claim or lawsuit by me, my family, estate, heirs or assigns, arising out of these dives.
5. I further release, exempt and hold harmless Released Parties from any claim or lawsuit by me, my family, estate, heirs or assigns, arising from injuries or trauma, either physical or mental, at the Missile Silo site above or below water.
6. I further state that I am of lawful age and legally competent to sign this liability release, or that I have acquired the written consent of my parent or guardian.

I, _____ (participant name) by this instrument agree to exempt and release UnderSea Adventures, their facilities, officers, directors, employees, representatives, agents and volunteers, from all liability or responsibility whatsoever for personal injury, property damage or wrongful death however caused, including, but not limited to, the negligence of the released parties, whether passive or active.

I have fully informed myself of the contents of this liability release and assumption of risk agreement by reading it before I signed it on behalf of myself and my heirs.
